

Advantages of using Stratos when you are under audit

- ✓ Good Corporate Governance
- ✓ Free Audit Management
- ✓ Save Time & Resources
- ✓ Immediate Cash Flow

Governance

a) Auditor

- looks at where company is being compliant
- looks at the revenue side
- auditors are trained to look for underpayments not overpayments

b) Stratos

- looks at all sides of your business
- 100% detailed review of all transactions
- corporate governance will be completed

Audit Management

- we manage the audit for *free*
- *we minimize professional fees* – eliminate paying accountants/lawyers to manage the audit
- auditors ask for everything
 - We know what they should ask for!
- we know how they work and how they are supposed to work

We limit the company's own *time and resources*

Cash Flow

- any money we find will be immediate cash flow
- we will reduce and eliminate CRA's "assessments"
- penalties are usually more than tax assessments
- the money we find will reduce penalties – providing additional savings

Example - Manufacturing company

Successfully reversed a substantial GST/HST audit assessment, including interest and penalties

Amount reversed: ~ \$11,200,000
