Prescription Drugs, Vaccines, and Dental and Optical Appliances

A **prescription** is a formula or direction given by a practitioner as a remedy or treatment for a disease or disorder.

Practitioner is defined under the *Pharmacy Operations and Drug Scheduling Act* and includes doctors, dentists and other health care professionals who are authorized to prescribe drugs or devices.

For optical appliances, prescription also includes an assessment record or a contact lens record as defined in the **Opticians Regulation**.

The following are exempt from PST:

- Dental and optical appliances sold on **prescription**, including:
 - clip-on sunglasses sold together with prescription eyeglasses that are specifically designed to be attached to the eyeglasses
 - frames sold together with prescription eyeglasses

See **Bulletin PST 207**, *Medical Supplies and Equipment*

- Drugs and other substances that treat, mitigate or prevent a human disease or disorder when sold on **prescription**
- Drugs listed in Schedule I or IA of the Drug Schedules Regulation (exempt for all purchasers, including hospitals, practitioners and health authorities)
- Vaccines listed in Schedule II of the Drug Schedules Regulation and vaccines that are veterinary drugs as defined under the *Veterinary Drugs Act* (exempt for all purchasers, including hospitals, practitioners and health authorities)

Vitamins and Dietary Supplements

Vitamins and dietary supplements are exempt from PST if they are in an orally ingestible form and are obtained for human consumption. Vitamins and dietary supplements include ascorbic acid (e.g. vitamin C), cod liver oil, and mineral, protein and sports supplements.

Other Medical Products

The following are exempt from PST:

- Bunion, callous and corn pads obtained to treat humans
- Certain medical supplies and equipment for individuals with disabilities, including crutches, incontinence briefs for adults, elastic hosiery for use as a support for varicose veins, and urinary appliances – see **Bulletin PST 207**, *Medical Supplies and Equipment*
- Dentures, including adhesives, liners and repair kits
- Diabetic supplies, including syringes, needles, autolets, glucose monitoring units and diabetic testing materials obtained by a diabetic, or an individual on behalf of a diabetic, for the diabetic's own use
- Drugs and other substances that alleviate pain
- Hearing aids, including specifically designed replacement batteries

For more information on what school supplies are exempt, see [Bulletin PST 202, School Supplies](#).

Feeds, Fertilizer and Plants

The following are exempt from PST:

- Feed obtained to feed any animal that is to be sold in the regular course of business, or that ordinarily produces food for human consumption (i.e. livestock)

Note: These items are taxable if obtained to feed pets or other animals that are not livestock. Pet food is also taxable.
- Fertilizer purchased by an individual or purchased for an agricultural purpose.

Fertilizer is a substance or mixture of substances that contains nitrogen, phosphorus, potassium or other plant nutrients and is substantially advertised or marketed as a plant food. Fertilizer does not include substances or mixtures of substances (e.g. garden mixes) that:

 - contain 50% or more (by volume) of sand, gravel, topsoil, fill, weed control chemicals, fungicides or a substance that is not a plant nutrient, or a combination of these items, or
 - are registered under the *Pest Control Products Act* (Canada).
- Grain, mill and other agricultural feeds (e.g. hay) and seeds obtained solely for an agricultural purpose (these items are taxable if obtained to feed household pets or for birds that are not livestock; pet food is also taxable)
- Living plants and trees that ordinarily produce food for human consumption (e.g. fruit trees, vegetable plants, plants with edible berries, culinary herbs, onion sets and onion bulbs)
- Sawdust, straw, wood chips, bark chips, bark mulch and wood shavings if these items are obtained for use in landscaping or as bedding for animals

Other Exempt Substances

The following substances are exempt from PST when obtained by an individual or for an agricultural purpose:

- Agricultural lime
- Organic mulch
- Organic substances, if advertised or marketed as compost aids or compost accelerators
- Peat
- Plant hormones, microorganisms and enzymes, or a mixture of plant hormones, microorganisms and enzymes, if advertised or marketed as a plant regulator
- Sphagnum
- The following growing mediums:
 - compostable basket liners and growing mats made only from organic materials
 - compostable pots made only from organic materials
 - Diatomaceous earth
 - Humus
 - Orchid bark

- Peat pellets
- Perlite
- Potting soil and soilless potting mix, unless the soil or mix:
 - contains 50% or more (by volume) of sand, gravel, topsoil, fill, weed control chemicals, fungicides or any combination of these items, or
 - is registered under the *Pest Control Products Act* (Canada).
- Vermiculite
- Wood ash or charcoal, if advertised or marketed as a soil amendment

For more information on these exemptions, see [Bulletin PST 128](#), *Nurseries and Garden Stores*.

Fuel

The following are exempt from PST:

- Barbeque briquettes
- Manufactured fire logs
- Pelletized fuel, as defined in the Solid Fuel Burning Domestic Appliance Regulation
- Wood and charcoal, if obtained for use as a source of energy, including hickory chips, kindling and hog fuel
- Propane – however, propane is subject to motor fuel tax at a rate of 2.7¢ per litre unless a specific exemption applies (e.g. propane sold in a sealed, pre-packaged container that holds not more than 4 litres of propane, and propane sold in a pre-filled or refilled cylinder that is designed to hold not more than 28 litres of propane). For more information, see [Bulletin MFT 014](#), *Propane Exemptions*.

Safety Equipment

The following safety equipment and protective clothing is exempt from PST:

- Work-related safety equipment and protective clothing designed to be worn by, or attached to, a worker if required under specified provincial work safety legislation when purchased or leased by an employer, self-employed person or educational institution,
- Specifically listed work-related safety equipment and protective clothing designed to be worn by a worker, including safety goggles and steel-toed boots, and
- Specifically listed general safety equipment and protective clothing, including safety helmets designed for use in sport, recreation and transportation, first aid kits, children's restraint car seats and children's booster car seats, safety vests and safety bibs.

For more information, see [Bulletin PST 100](#), *Safety Equipment and Protective Clothing*.

Other

The following are exempt from PST:

- Clothing patterns
- Remembrance Day poppies and wreaths
- Tobacco (i.e. cigars, cigarettes, chewing tobacco, pipe tobacco and snuff) – however, these products are subject to tobacco tax – see [Bulletin TTA 003](#), *Tobacco Retailers*
- Yarn, natural fibres, synthetic thread and fabric that are commonly used in making or repairing clothing – see [Bulletin PST 130](#), *Fabric and Craft Stores*

Gift Cards and Gift Certificates

Generally, you do not charge PST on a purchase of gift cards or gift certificates because it is a purchase of store credit a customer may redeem later. When a customer redeems the credit, PST applies to the purchase as if the credit was cash. PST will apply if the item purchased is subject to PST.

However, certain types of gift cards are subject to PST if they are can only be used to purchase taxable telecommunication services or software. For more information, see [Bulletin PST 105](#), *Software*, and [Bulletin PST 107](#), *Telecommunications Services*.

Purchases and Leases for Your Business

Taxable Goods

You must pay PST on the purchase or lease of new or used taxable goods you use in your business, such as:

- Advertising materials, such as flyers and brochures
- Cleaning supplies, such as rags, soaps and cleaning solutions
- Computer hardware including point-of-sale systems and other electronic devices
- Energy for heat and light
- Freestanding coolers and refrigerators
- Items you purchase to give away as free promotions (see below)
- Paper towels and toilet paper
- Shelving and display equipment
- Stationery, furniture and office equipment

You must also pay PST on the following.

- Software, unless a specific exemption applies (e.g. custom software). For more information, see [Bulletin PST 105](#), *Software*.
- Related services you purchase for your own equipment, such as repairs to your office equipment. For more information, see [Bulletin PST 301](#), *Related Services*.

If your supplier does not charge you PST on the taxable items, you must self-assess (pay directly to us) the PST due on your next PST return.

If you do not have a PST number, you must self-assess the PST due using a *Casual Remittance Return* ([FIN 405](#)) on or before the last day of the month following the month you obtained the taxable items. For example, if you purchase a taxable item in June, you must file the return and pay the PST no later than July 31.

If you purchase both exempt goods for resale and taxable goods you will use in your business as a single purchase, you need to tell your supplier which goods are exempt and which goods are taxable.

Goods for Resale or Lease

You are exempt from PST on the goods you obtain solely for resale or lease to your customers. To purchase or lease these goods exempt from PST, give the supplier your PST number or, if you do not have a PST number, a completed *Certificate of Exemption – General* ([FIN 490](#)).

For more information, see [Bulletin PST 208](#), *Goods for Resale*.

Change in Use

If you take taxable goods from your resale inventory for business or personal use, you must self-assess the PST due on your cost of the goods.

If you have a PST number, you must self-assess the PST due on your next PST return. If you do not have a PST number, you must self-assess the PST due using a *Casual Remittance Return* ([FIN 405](#)) on or before the last day of the month following the month you used the goods for a taxable purpose.

If you take taxable equipment from your lease inventory for business or personal use, you must self-assess PST as explained in [Bulletin PST 315](#), *Rentals and Leases of Goods*.

Containers and Packaging Materials

Paying PST

You are exempt from PST on containers and packaging materials (except reusable containers) you obtain solely for packaging goods for sale or lease, or if you provide them to your customers with their purchases of goods. However, you must pay PST on containers and packaging materials if you use them for other purposes, such as storing, handling or shipping goods, or you use them to provide a service.

Generally, you are not required to charge PST on the containers and packaging materials you provide with goods and services, unless you separately charge your customers for them. However, in limited circumstances, you may be required to charge PST on the fair market value of the containers and packaging materials.

For example, you provide bags to their customers with their purchase of goods and charge 15¢ per bag. You must charge PST on the charge for the bags.

For more information, see [Bulletin PST 305](#), *Containers and Packaging Materials*.

Goods Brought Into BC

You must pay PST if you purchase or lease taxable goods outside BC and bring, send or receive the goods in BC. You must pay PST on the total amount you pay to bring the goods into BC, including charges for transportation, customs, excise, and any other costs, except the goods and services tax (GST).

If your supplier does not charge you PST at the time of the sale or lease, you must self-assess the PST due on your next PST return.

If you do not have a PST number, you must self-assess the PST due using the *Casual Remittance Return* ([FIN 405](#)) on or before the last day of the month following the month you brought, sent or received goods in BC.

For more information, see [Bulletin PST 310](#), *Goods Brought Into BC*.

Bonus Items

You may provide goods as bonus items with the purchase of other goods. For example, you may give your customer a bonus item when they purchase at least \$40 worth of cosmetics. For the purposes of the PST, these transactions are sales of both items.

If all of the items (e.g. purchased and provided as a bonus) are taxable goods (e.g. a hair brush provided with a purchase of a bottle of shampoo), you charge PST on the purchase price paid. You can purchase the bonus items exempt from PST as goods for resale.

If the transaction is for both taxable and non-taxable goods for a single price (e.g. a ceramic plant pot and an exempt lavender plant), you are making a bundled sale. The general rule for charging PST on a bundled sale is that you charge PST only on the fair market value of the taxable portion. The fair market value is the price that a good or service would normally sell for in the open market.

For more information on bundled sales, see [Bulletin PST 316](#), *Bundled Sales and Leases*.

Promotional Materials

Promotional materials are goods you use, give away or sell below cost to help advertise or promote your business. Examples of promotional material include samples, gifts, premiums and prizes, and goods given away as part of a loyalty or rewards points program.

You must pay PST on all taxable goods you purchase or make as promotional materials. For example, you must pay PST if you buy mugs or balloons you will give away to promote your business.

Promotional material on which you must pay PST also includes taxable goods you obtain to sell at a price below cost. For example, you purchase perfume at a cost of \$40 per bottle. In an effort to promote greater sales, you offer the perfume to preferred customers at a below cost price of \$30 per bottle. In this case, your customer pays PST on the \$30 purchase price of the perfume. In addition, on your next PST return, you need to self-assess PST based on the following formula:

$$(\text{Cost} - \text{Customer's purchase price}) \times \text{PST rate} = \text{PST to self-assess}$$
$$(\$40 - \$30) \times 7\% = \$0.70 \text{ PST to self-assess}$$

Note: You do not need to self-assess PST on goods sold below cost if you are not selling the goods below cost for promotional purposes. For example, you purchased electronics at \$100 per item and attempted to sell them for \$150 per item. After some time, you decide to mark down the remaining items to \$75 per item before they become obsolete or because their value has decreased. In this case, your customer pays PST on the \$75 purchase price of the electronics but you do not need to self-assess any additional PST.
